## 🎓 Experienced Tutor | University of Milan | MSc in Physics

I hold an MSc in Physics from the University of Milan and a BSc in Astrophysics from the University of Bologna. With 18 years of experience teaching IB, A-Level, and IGCSE Physics, I have guided students to excel in their exams and deepen their understanding of complex concepts across these curriculums.

## Qualifications

**University of Milan:** MSc in Physics (2004–2006)

**University of Bologna:** BSc in Astrophysics (2000–2004)

## Vetted Tutor

# Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the past 18 years, I've worked with students from diverse academic backgrounds, teaching Physics across IB, A-Level, IGCSE, and AP curriculums. I've helped students understand challenging topics such as mechanics and thermodynamics, ensuring they excel in their exams and build a solid foundation for further studies.

My experience includes working with students preparing for university entrance exams, where my tailored lessons focus on both content mastery and exam techniques. I've also assisted students in developing analytical skills crucial for success in higher education.

In addition to school-level curriculums, I've provided support to students pursuing undergraduate-level Physics. I've guided them through advanced topics, helping them navigate complex subjects like quantum mechanics and electromagnetism. Many of my students have gone on to pursue degrees at top universities.
