Tutoring Experience

I began my career as a school counselor, which deepened my understanding of students' unique learning needs. Over the past 7 years, I've worked with students from diverse academic backgrounds, helping them excel in IB, A-Level, and IGCSE Psychology. My experience includes assisting students in understanding complex psychological concepts and applying them effectively in assessments.

In addition to subject-specific tutoring, I've provided extensive support with exam preparation and coursework. Many of my students have achieved top grades and pursued further studies in psychology. This rewarding journey has equipped me with the tools to inspire confidence and academic excellence in all my students.
